

B-LAND

Promote and Strengthen Business Development Skills in Rural Communities

B-LAND

The core project product, our multilingual mobile APP – INSTANT ACCESS MOBILE CLASSROOM (Intellectual Output 3) has been fully developed in English, Bulgarian, Greek, Spanish, and Polish and is available for both Android and iOS devices.

Google Play → <https://play.google.com/store/apps/details?id=eu.dcnnet.bland>

Apple Store → <https://apps.apple.com/us/app/b-land/id1625377362?platform=ipad>

Meanwhile, the partnership has completed the Best Practices Guide on Entrepreneurial Training & Personal Development in Rural Areas (Intellectual Output 4), aimed at providing examples of innovative approaches and methods that can be used in teaching and disseminating entrepreneurship within the vocational education and training system. The Guide contains also Teaching Notes intended for VET teachers/trainers that will help to understand how to deliver B-LAND training by using the multilingual mobile app.

RECENT EVENTS

The fourth transnational meeting of the project was held on July 4, 2022 and July 5, 2022 in Volos, Greece. The meeting was hosted by the Greek partner – Biognosis.

The main aim of the meeting was to present and discuss the current stage of development of IO3: Multilingual APP – INSTANT ACCESS MOBILE CLASSROOM (IAMCP) and to finalize the details concerning IO4: Best Practices Guide on Entrepreneurial Training & Personal Development in Rural Areas.

About the project:

The B-LAND project will accomplish its objectives by creating 4 fundamental outcomes:

IO1: Competence Framework for Entrepreneurial Learning in Rural Context

IO2: Training course structure and materials development for 7 learning modules

IO3: Multilingual APP - instant access mobile classroom - ICT tool

IO4: Best Practices Guide on Entrepreneurial Training & Personal Development in Rural Areas

What's next?

We are enforcing the impact of the project in the participating countries with the aim to maximize it by focusing on our target groups and networks. The developed project outputs are being evaluated by both internal and external evaluators in all partner countries. The partnership is working intensively on the Sustainability Plan and the exploitation strategy of the B-LAND outputs after the completion of the project.

The Final TPM was held on September 8, 2022 and September 9, 2022 at the University of Forestry, Sofia, Bulgaria. At this meeting we summarized the implementation of all project activities, having all the deliverables and Intellectual Outputs developed and published, as well as the sustainability and impact of the B-LAND project in the participating countries.
